The Future of Our Spring Fair

Dear Parents,

Over the last few years our Spring Fair has got better and better, with this year’s generally regarded as the best ever! What a wonderful day it was! The feedback we have had strongly supports an annual event, due to the wonderful community feel and promotion the Spring Fair provides. It is remarkable how many school families had their introduction to our school by coming along to the Spring Fair with pre-schoolers! As the major fundraising event for the school, Spring Fairs have raised money for an enormous amount of equipment for the school, including most of the technology that you see in each classroom, library books, sports equipment and a lot more.

The smooth organisation of this year’s fair was the result of the current committee reviewing and streamlining processes and making changes over the last 3 years to enable the fair day to run so smoothly.

We need a new group of community members to organise next year’s Spring Fair. Two people who responded to our survey indicated they would be interested in being on the organising committee for next year’s fair. It is time to make a commitment! It is a large task that requires at least a dozen people to be involved. Roles can include coordinator, sponsorship, logistics, food & beverages, market stalls, silent auction and more! Please note there is significant support from the school administration for the committee. Added to this is the commitment needed from Class Reps and all parents when it gets closer to the day. There are many positives! Not only do you get to be involved in a wonderful positive event which raises much needed funds for the school, but it is a great, fun experience which connects you with our community! The current members of the organising committee are happy to attend a couple of meetings and do a handover of notes and Spring Fair documentation and information to ensure success.

Based on community response, School Council will make a decision about Spring Fair 2014 at its next meeting on Tuesday 10 December. So, please return the form below to indicate your willingness to be on the Spring Fair Committee for 2014. Over to you – the bottom line is no committee, no Spring Fair!

Regards

Steve Albon
Principal

Spring Fair 2014

Yes, I can assist with the organisation of the 2014 Spring Fair and am willing to be part of the coordinating committee.
