At Playology we run play-based social skills groups. These groups are designed to meet the individual needs of your child and are run by an experienced teacher who also has a Post Graduate Diploma in Child & Adolescent Psychotherapy.

Peers & Play is our school aged group where the focus is on social inclusion and interaction. There are two separate groups: Prep-2 and Grades 3-6.

The Playology program does not follow a set of lessons but rather provides a safe, consistent and predictable space where small groups of 6-8 children are encouraged to participate in carefully chosen play activities. These activities allow them to express and manage their feelings, to more confidently engage in social situations and build / maintain positive relationships.
